

Zinc Plating CNC Turning Milling Parts Polishing Anodizing

Our Product Introduction

For more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Application: Automotive, Aerospace, Etc.
- Tolerance: $\pm 0.01\text{mm}$
- Lead Time: 7-15 Days
- Processing Method: CNC Turning Milling
- Advantage: High Precision, Fast Delivery, Etc.
- Surface Treatment: Polishing, Anodizing, Zinc Plating, Etc.
- Drawing Format: PDF, IGS, STP, DWG, Etc.
- Package: Carton, Wooden Case, Etc.
- Highlight: Anodizing CNC Turning Milling Parts,
Polishing CNC Turning Milling Parts

Product Description

Product Description:

CNC Turning Milling Parts are precision-machined components used in a variety of industries, including automotive, aerospace, and more. These parts are mainly made of stainless steel, aluminum, brass, and other metals, and are produced to meet the highest standards of accuracy and quality. With a minimum order quantity of one piece, and precise tolerance up to $\pm 0.01\text{mm}$, these CNC turning and milling parts can be customized with surface treatment such as polishing, anodizing, and zinc plating. Our CNC turning and milling manufacturing parts are designed for maximum durability, delivering superior performance and reliability in any application.

Features:

Product Name: CNC Turning Milling Parts
Tolerance: $\pm 0.01\text{mm}$
Processing Method: CNC Turning Milling
Package: Carton, Wooden Case, Etc.
Material: Stainless Steel, Aluminum, Brass, Etc.
MOQ: 1 Piece
CNC Milling Fabricated Parts
CNC Turning Process Parts
CNC Turning Process Parts

Technical Parameters:

Attribute	Description
Package	Carton, Wooden Case, Etc.
Surface Treatment	Polishing, Anodizing, Zinc Plating, Etc.
Product Size	Customized
Drawing Format	PDF, IGS, STP, DWG, Etc.
Tolerance	$\pm 0.01\text{mm}$
Material	Stainless Steel, Aluminum, Brass, Etc.
OEM/ODM	Accept
Advantage	High Precision, Fast Delivery, Etc.
Processing Method	CNC Turning Milling
Lead Time	7-15 Days
CNC Turning Process Parts	CNC Turning Manufacturing Parts, CNC Milling Manufacturing Parts

Applications:

CNC Turning Milling Parts manufactured by YWY are widely used in various industries. These parts are made of high-quality materials such as stainless steel, aluminum, brass, etc., and have features such as high precision, fast delivery, etc. With our advanced CNC turning and milling machines, we can produce CNC turning fabricated parts, CNC milling fabricated parts, CNC turning machining parts, and CNC milling machining parts with drawings in PDF, IGS, STP, DWG, etc. formats. We can also accept OEM/ODM orders with MOQ of 1 piece.

Customization:

Customized CNC Turning Milling Parts are available from YWY. Our CNC Milling Manufacturing Parts, CNC Milling Machining Parts, and CNC Milling Manufacturing Parts are crafted with the highest precision and quality. We use the highest quality materials such as stainless steel, aluminum, brass, and more to create parts that are durable and reliable. We offer fast delivery and high precision with our products, giving you the advantage that you need. Our CNC Turning Milling Parts are customized to your specifications and brand name, YWY, Model Number CNC202. We provide packaging options of carton and wooden cases, and product size is customizable. Shipping options include express, air, and sea.

Support and Services:

CNC Turning Milling Parts Technical Support and Service

At CNC Turning Milling Parts, we provide technical support and service of the highest quality. Our highly experienced team of technicians and engineers are available to help with any questions or problems you may have with our products. We offer a wide range of services including:

Troubleshooting and diagnosis of hardware and software issues

Installation and setup of our products

Repair and replacement of faulty components

Maintenance and upgrade of existing systems

Training and education on our products

Ongoing customer support and technical assistance

We also offer custom solutions tailored to your specific needs. Our team can work with you to develop a solution that meets your requirements and exceeds your expectations. We strive to provide the best customer service and technical support possible, and we are committed to helping you get the most out of our products.
