

ODM Customized CNC Brass Parts Polishing Surface Treatment OEM

Our Product Introduction

For more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Port: Shenzhen
- Delivery_time: 7-15 Days
- Weight: Customized
- Package: Standard Export Package
- Supply_ability: 10000 Pieces/Month
- Material: Brass
- Processing_method: CNC Machining
- Application: Electronic Components
- Highlight: **OEM CNC Brass Parts,**
Polishing CNC Brass Parts

Product Description

Product Description:

CNC Brass Parts, a precision computer-aided and CNC-machined brass product, offers a range of applications such as electronic components. Our CNC brass parts are customized to meet your weight, color and surface treatment requirements, with a delivery time of 7-15 days. Our CNC brass parts are of high quality and guarantee a smooth surface finish and precise machining. The surface of the parts can be polished to guarantee the best quality finish. We offer our customers a variety of options to customize their CNC brass parts and meet their specific needs. We use advanced CNC technology and cutting-edge machinery to ensure the highest quality and accuracy of the brass parts. With our CNC brass parts, you can be sure to get the highest quality product with the shortest delivery time.

Applications:

Ywy's CNC-machined Brass Parts are ideal for a wide range of electronic components. These CNC-machined Brass Parts are precision computer-aided parts, customized to the exact specifications of the customer. CNC-machined Brass Parts are perfect for creating intricate structures, where accuracy and repeatability are highly important. Ywy's CNC-machined Brass Parts are specially designed for the highest quality, with a wide variety of sizes, shapes, and weights available. The delivery time for Ywy's CNC-machined Brass Parts is 7-15 days, and the supply ability is 10000 pieces/month.

Customization:

Customized CNC Brass Parts from ywy, with model number cnc404, are made of brass material and mainly used for Electronic Components. With 7-15 Days delivery time, we provide Polishing surface treatment and tolerance of $\pm 0.01\text{mm}$. Our Computer-operated Brass Parts, Computer-simulated Brass Parts, CNC-manufactured Brass Parts are of excellent quality and are highly reliable.

Support and Services:

Technical Support and Services for CNC Brass Parts

We provide technical support and services for CNC Brass Parts, which includes:

Consulting services to help you determine the best brass parts for your application.

Detailed drawings and CAD models for custom CNC Brass Parts.

Custom machining solutions for CNC Brass Parts.

On-site or remote support for CNC Brass Parts.

High quality CNC Brass Parts with tight tolerances.

24/7 emergency technical support for CNC Brass Parts.

Post-production inspection and assembly services.

We are committed to providing the best technical support and service for CNC Brass Parts. We strive to ensure that all of our customers have access to the highest quality CNC Brass Parts.

Packing and Shipping:

CNC Brass Parts Packaging and Shipping:

The CNC Brass Parts will be securely packaged in a cardboard box.

The box will include a packing slip with the customer's information, order number, and a list of the parts included in the package.

The box will be securely sealed with packing tape.

The package will be shipped via UPS.

FAQ:

Q: What is CNC Brass Parts?

A: CNC Brass Parts is a kind of precision metal parts produced by the CNC machining process. It produced by the brand YWY with model number cnc404, and the place of origin is Guangdong, Huizhou.

Q: What is the material of CNC Brass Parts?

A: The material of CNC Brass Parts is brass.

Q: What is the production process of CNC Brass Parts?

A: The production process of CNC Brass Parts is CNC machining.

Q: What is the application of CNC Brass Parts?

A: CNC Brass Parts are widely used in many fields, such as electronics, automobiles, medical equipment, etc.

Q: How to ensure the quality of CNC Brass Parts?

A: YWY has a strict quality control system and use high-precision inspection equipment to ensure the quality of CNC Brass Parts.
