

Precision CNC Machined Parts Vape Shell Customized Computer-controlled Machining Parts

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: yuanwenyu
- Certification: 1
- Model Number: 1X893, OEM
- Minimum Order Quantity: 50 pieces
- Price: \$2.35 - \$12.68/pieces
- Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton
- Delivery Time: 1
- Payment Terms: 1
- Supply Ability: 1000000 Piece/Pieces per Month

Product Specification

- OEM/ODM: Acceptable
- Drawing Format: PDF, DWG, IGS, STEP, Etc.
- Tolerance: ± 0.01 mm
- Packaging: Standard Export Carton Or Customized
- Delivery Method: DHL, FedEx, UPS, Etc.
- Processing Method: CNC Machining, Turning, Milling, Etc.
- Size: Customized
- Quality Control: 100% Inspection Before Shipment
- Highlight: **Customized Computer-controlled Machining Parts**
, Vape Shell CNC Machined Parts,
Precision CNC Machined Parts

Product Description

Product Description:

Our CNC-machined components are made with precision and accuracy, ensuring that they meet your exact specifications. We also offer a variety of surface treatments, including anodizing, plating, and painting, to protect your CNC-machined components from corrosion and wear.

We accept a variety of drawing formats, including PDF, DWG, IGS, STEP, and more, to make it easy for you to get the CNC-machined components you need. Our team of experts will work with you to ensure that your designs are translated accurately into finished CNC-machined components.

We offer standard export carton packaging or can customize the packaging to meet your specific needs. Our CNC-machined components are carefully packaged to prevent damage during shipping, ensuring that your order arrives in perfect condition.

When it comes to delivery, we offer a variety of options to meet your needs. We work with trusted shipping partners like DHL, FedEx, and UPS to ensure that your CNC-machined components are delivered on time and in perfect condition.

Whether you need CNC-machined components for aerospace, automotive, or any other application, we have the experience and expertise to deliver the high-quality parts you need. Contact us today to learn more about our CNC-machined components and how we can help you meet your production goals.

Features:

Product Name: CNC Machined Parts

MOQ: 1 Piece

Packaging: Standard Export Carton Or Customized

Tolerance: $\pm 0.01\text{mm}$

Drawing Format: PDF, DWG, IGS, STEP, Etc.

Application: Automotive, Aerospace, Medical, Etc.

Features:

Computerized Numerical Cutting parts

Computerized machining parts

CNC-manufactured components

Technical Parameters:

MOQ	1 Piece
OEM/ODM	Acceptable
Size	Customized
Tolerance	$\pm 0.01\text{mm}$
Application	Automotive, Aerospace, Medical, Etc.
Packaging	Standard Export Carton Or Customized
Surface Treatment	Anodizing, Plating, Painting, Etc.
Material	Aluminum, Steel, Brass, Etc.
Quality Control	100% Inspection Before Shipment
Processing Method	CNC Machining, Turning, Milling, Etc.

This product is comprised of CNC-manufactured components, computer-controlled machining parts, or numerically-controlled machining parts that are customizable in size with a tolerance of $\pm 0.01\text{mm}$. It is suitable for a range of applications, such as automotive, aerospace, medical, and more. The product is packaged in a standard export carton or customized packaging and can be treated with anodizing, plating, painting, or other surface treatments. It is made from a variety of materials such as aluminum, steel, brass, etc. The product undergoes 100% inspection before shipment and is processed through CNC machining, turning, milling, or other methods.

Applications:

Our CNC machined parts are suitable for a variety of application occasions and scenarios, including:

Automotive: Our CNC-manufactured components are widely used in the automotive industry, where precision and reliability are essential. Our parts are used in engine components, suspension systems, braking systems, and more.

Aerospace: Our Computerized Numerical Cutting parts are also used in the aerospace industry, where precision and quality are critical. Our parts are used in aircraft engines, landing gear, and other critical components.

Medical: The medical industry requires high-quality components that meet strict standards for quality and safety. Our CNC machined parts are used in medical devices and equipment, including surgical instruments and imaging equipment.

Industrial: Our Computerized Numerical Cutting parts are used in a variety of industrial applications, including robotics, automation, and manufacturing equipment. Our parts are designed to meet the demanding requirements of these applications, providing reliable performance and durability.

In addition to our standard product line, we also offer custom CNC machined parts to meet the specific needs of our customers. Our parts are available in a range of sizes and configurations, and we can work with a variety of materials to meet your requirements.

Our CNC machined parts are certified to meet industry standards for quality and performance, and we offer a 100% inspection before shipment to ensure that our parts meet your exact specifications. Our minimum order quantity is 50 pieces, and our prices range from

\$2.35 to \$12.68 per piece, depending on the size and complexity of the part.

We offer a variety of packaging options, including EPE foam, anti-rust paper, stretch film, plastic bags, and cartons, to ensure that your parts are protected during shipping. We use DHL, FedEx, UPS, and other shipping methods to ensure that your parts are delivered on time and in good condition.

At Yuanwenyu, we are committed to providing our customers with high-quality CNC machined parts that meet their exact requirements. Contact us today to learn more about our products and services.

Customization: yuanwenyu , offers precision machined parts with model numbers 1X893 and OEM. These

parts are made in Guangdong, China and are certified. The minimum order quantity for these computer-aided machining parts is 50 pieces, with a price range from \$2.35 to \$12.68 per piece. The packaging includes EPE foam, anti-rust paper, stretch film, plastic bag, and carton. We deliver within 1 day and accept various payment terms.

We have a supply ability of 1000000 pieces per month and offer various surface treatments such as anodizing, plating, painting, etc. The materials we use are aluminum, steel, brass, etc., and we process them using CNC machining, turning, milling, etc. We accept PDF, DWG, IGS, STEP, etc. drawing formats and provide OEM/ODM services.

Support and Services:

Our CNC machined parts are designed to meet your exact specifications and requirements. Our team of experienced technicians and engineers are available to provide technical support and services to ensure that your parts meet the highest standards of quality and performance.

We offer a range of services, including:

Design consultation

Material selection

Manufacturing optimization

Quality control inspection

Custom packaging and labeling

Our goal is to provide you with the best possible service and support to ensure that your CNC machined parts meet or exceed your expectations. Contact us today to learn more about our technical support and services.

Packing and Shipping:

Product Packaging:

All CNC machined parts are individually wrapped in bubble wrap to prevent damage during transit.

Parts are then placed in a sturdy cardboard box with packing peanuts to fill any empty spaces and provide additional protection.

Shipping:

Orders are processed and shipped within 2-3 business days.

We ship via FedEx or UPS and provide tracking information to the customer.

Shipping costs will vary depending on the size and weight of the order as well as the destination.

FAQ:

Q1: What is the brand name of the CNC Machined Parts?

A1: The brand name of the CNC Machined Parts is yuanwenyu.

Q2: What is the minimum order quantity for the CNC Machined Parts?

A2: The minimum order quantity for the CNC Machined Parts is 50 pieces.

Q3: What is the price range for the CNC Machined Parts?

A3: The price range for the CNC Machined Parts is between \$2.35 to \$12.68 per piece, depending on the model and quantity ordered.

Q4: What is the packaging method for the CNC Machined Parts?

A4: The CNC Machined Parts are packaged using EPE foam, anti-rust paper, stretch film, plastic bag, and carton.

Q5: What is the delivery time for the CNC Machined Parts?

A5: The delivery time for the CNC Machined Parts is 1 week after payment is received and confirmed.
